**Lord's Blessings of This Month.**

- **Beginning of this month** when we prayed and seek the **Lord** for his word. He had blessed us with **Isaiah: Chapter 54 verse 10**. According the word of **God** we are continuously prayed through out this whole month, our almighty **Lord** has leaded us miracles way. Even though almost 1600 villages are darn under the water through out our state but **Lord** had kept us under his arms safely. I praise **God** for his unconditional love that he continuously shown up on us.
- Since we born we never see this kind of floods what's happen at this month. I hope I sent those photos to you. Finally Indian government higher officials had decided last 100 years didn't happen this kind of disaster through out the India. Many villages are drawn under the water and many people are loosed every thing. But **God's amazing grace and peace be with us always. I praise God with all of my heart**
- From 6<sup>th</sup> to 17<sup>th</sup> we are at the fully relief work. To visiting the villages which are totally get damaged by floods. Our church and we had raised some money with that Brought 8 bags of rice and biscuit packets, some medicine and we went villages called Epuru lanka near by Kullur, Repalle. All the roads were covered with water so there is no transportation to go to that village. From last ten days those villagers are not able to come out side due to continues rains, floods and struggling food materials and drinking water packets. Also there is no power supply from that day so they are living darkness in the nights. Few of our church members and we took those rice bags on our shoulders and other things with us.

- We walked around 5 kilometers by carrying those things on our shoulders. After walking 5 kilometers a boat came to take us to that island, so we kept all those things inside the boat and reached that village Epuru Lanka. All our people were tired with heavy luggage. Finally we reached that village, when we reached there many people were waiting people who can help them, give them something to eat & drink. But we have little their need is very big, so we went there and prayed for those villagers and told them who we are. We gave them whatever we brought for them. They were so happy by seeing our love and hospitality. I told them we are doing these things because **of love of Jesus**.
- 21<sup>st</sup> and 22<sup>nd</sup> we had arranged prayer night in our church congregation. We had prayed for the flood victims people those who lost everything. That Lord will comfort them and meet them with their needs.
- **Our orphan children and our old mothers are continuously praying for you and for your blessed family**. Our orphan children are gladly sending their lots of love and their lovely kisses and their lovely hugs to you and to your blessed family. Convey our lovely and best wishes to your friends and to your blessed church congregation.
